

FACULTY SEARCH | ALL FIELDS & RANKS

The UCLA Department of Chemistry and Biochemistry is seeking outstanding candidates for tenure-track or tenured faculty positions at the level of Assistant, Associate, and Full Professor. All candidates that fit the department's mission, especially those working in the following areas, are encouraged to apply.

BIOINORGANIC CHEMISTRY

We are interested in candidates who would build a research program at the interface of biochemistry and inorganic chemistry, in addition to candidates who wish to examine the role of metals in biology.

MEDICINAL CHEMISTRY

We seek to fill the inaugural [Alice and Michael Jung Chair in Medicinal Chemistry](#). Applicants in this area at the rank of Associate or Full Professor with expertise in synthetic chemistry are encouraged to apply.

THEORETICAL PHYSICAL CHEMISTRY

We are interested in junior and senior candidates who would build an internationally recognized research program at the frontier of the theoretical methods and/or applications, and able to teach physical chemistry courses.

We welcome candidates whose experience in teaching, research, or community service has prepared them to contribute to our commitment to diversity and excellence.

Application review will start on **OCTOBER 15, 2020**.
