

*Chem 268 Biochemistry
Seminar Series - Winter 2013*

Dr. Antonina Roll-Mecak

Principal Investigator and Unit Chief

Cell Biology & Biophysics Unit

**National Institute of Neurological Disorders and Stroke
(NINDS)**

Presents

**“Tales of Tubulin Tails: Insights into the
Mechanism of Tubulin Post-Translational
Modification Enzymes”**

Host: Amy Rasson (arasson@chem.ucla.edu), Quinlan Lab, 310-206-7596

Friday, March 1st 2013

3:30 p.m.

3440 Molecular Sciences Bldg.
