# MACS Careers in Chemistry Seminar

---

**MAY 26<sup>th</sup> 2023**

4pm - 5pm

Molecular Science Building 3440

**Dr. Mihaela Bojin  
University of Iowa**

**Dr. Mihaela Bojin is an Associate Director at the University of Iowa Research Foundation (UIRF). She has extensive expertise in intellectual capital management. Dr. Bojin also advises startups and mentors entrepreneurs.**

**She holds numerous leadership positions as a director on the Licensing Executives Society (LES) board, a board member of the LES Standards Development Organization, and a board member of the Midwest Research University Network (MRUN). Dr. Bojin has been the chair and founder of the LES Iowa Chapter, chair of the LES Standards ISO/TC 279 innovation management committee, and vice president of the LESI patent and technology licensing committee. She has served on the University of Iowa (UI) staff council executive committee, the UI Research Council, IP policy and Conflict of Interest Committees. She has broad teaching experience in areas such as intellectual property management, licensing, commercialization, negotiation and various chemistry courses.**

**Dr. Bojin is a Certified Licensing Professional (CLP) and a registered patent agent with the USPTO. She was profiled in Inspiring Minds, featured in Access Magazine and in Live Science Behind the Scenes, a National Science Foundation sponsored website.**
