

UCLA Materials Chemistry Specialization 2024-2025

Student Information: DSP students are expected to earn their M.S. degree in one year (Fall, Winter, and Spring) and have the option to extend their graduation to the Summer.

Course Requirements:

- Chem C280 and 285
- Two classes from the following: Chem C215A, C215B, C223A, C223B, 236, C243A, C243B, 244A, 244B, C276A
- Two from: Any class from the preceding group not already taken. Other graduate courses from outside of the Department may be used with approval of the materials chemistry area advisor
- Chem 228, Chem 247, or Chem 278 every quarter
- Chem 400 (S/U grade)
- Chem 598 (research units with your advisor) every quarter
- Group meeting with your advisor every quarter (attendance required, enrollment optional)

All courses must be taken for a letter grade unless it is only offered as S/U

SAMPLE COURSE PLAN			
Quarter	Course #	Course Title	Units
Fall	Chem C215A	Advanced Quantum Chemistry with Laboratory I	4
	Elective	See Advisor	4
	Chem 228, 247, or 278	Seminar	2
	Chem 598	Research for and Preparation of MS Thesis	4
Winter	Chem C215B	Quantum Chemistry	4
	Chem 285	Materials Chemistry Laboratory	5
	Chem 228, 247, or 278	Seminar	2
	Chem 400	Safety in Chemical and Biochemical Research	2
	Chem 598	Research for and Preparation of MS Thesis	4
Spring	Chem C280	Solid-State Chemistry	4
	Elective	See Advisor	4
	Chem 228, 247, or 278	Seminar	2
	Chem 598	Research for and Preparation of MS Thesis	4
Summer (optional)	Must register for a UCLA course		1 unit minimum
