

UCLA Organic Chemistry Specialization 2024-2025

Student Information: DSP students are expected to earn their M.S. degree in one year (Fall, Winter, and Spring) and have the option to extend their graduation to the Summer.

Course Requirements:

- Chem 236, C243A, 244A
- Three courses from Chem 241B, C243B, 244B, C245, or other courses with approval of the organic chemistry area advisor
- Chem 247 every quarter
- Chem 248 every quarter (S/U grade)
- Chem 400 (S/U grade)
- Chem 598 (research units with your advisor) every quarter
- Group meeting with your advisor every quarter (attendance required, enrollment optional)

All courses must be taken for a letter grade unless it is only offered as S/U

SAMPLE COURSE PLAN			
Quarter	Course #	Course Title	Units
Fall	Chem C207	Organometallic Chemistry	4
	Chem 236	Spectroscopic Methods of Organic Chemistry	4
	Chem 278	Inorganic Chemistry Student Seminar	2
	Chem 598	Research for and Preparation of MS Thesis	4
Winter	Chem C276A	Group Theory and Applications to Inorganic Chemistry	4
	Chem C279	Biological Inorganic Chemistry	4
	Chem 278	Inorganic Chemistry Student Seminar	2
	Chem 400	Safety in Chemical and Biochemical Research	2
	Chem 598	Research for and Preparation of MS Thesis	4
Spring	Chem C280	Solid-State Chemistry	4
	Elective	See Advisor	4
	Chem 278	Inorganic Chemistry Student Seminar	2
	Chem 598	Research for and Preparation of MS Thesis	4
Summer (optional)	Must register for a UCLA course		1 unit minimum
